Ghent, Belgium

christophe-chalmet

17 Feb 1999

## SKILLS

### PROGAMMING

Python C/C++ Java

Dart Javascript

PostgreSQL Maple

Matlab Docker

### FRAMEWORKS

sklearn Tensorflow

Flutter Fastapi

### OFFICE

MS Office LaTeX

Markdown

### SOFT SKILLS

Problem solving Team player

Punctuality Work ethic

Leadership Perseverance

### LANGUAGES

Dutch: **Native**

English: **Excellent**

French: **Basic**

## EDUCATION

### Masters in General Management | [Vlerick Business School](#)

Sept 2022 – July 2023

Ghent, Belgium

### Master of Science in Computer Science Engineering | [Ghent University](#)

Sept 2020 – July 2022

Ghent, Belgium

- Major: Artificial Intelligence

### Bachelor of Science in Engineering | [Ghent University](#)

Sept 2017 – July 2020

Ghent, Belgium

- Specialization: Computer Science

## PROJECTS

### Master Thesis: Parliamentary debates as an annotated knowledge graph using NLP for annotation

Sept 2021 – July 2022

Ghent University & IDLab(imec)

- Building a knowledge graph from Belgian parliamentary debates and metadata.
- Annotating these debates through named entity recognition and linking. Used a transfer learned BERT model for these tasks.

### Design project

Fall 2021 - Spring 2021

Ghent University

- As a team of 9 students, we designed and build a platform that allowed companies to share their trained AI models with their customers.
- I had the role of project manager/scrum master for the project.

### Image based traffic sign classifier

Fall 2020

Ghent University

- Used sklearn to build a classifier model to classify traffic signs.

### Bachelor Thesis: Curieuze oren

Spring 2020

Ghent University

- Developed solution to measure noise pollution.
- Made Bluetooth server in python.
- Build an app using flutter that communicated via Bluetooth with the server.
